

BANDITS MAKE HAUL IN TOLEDO

Hold Up Postoffice Early This Morning.

GET ELEVEN SACKS OF REGISTERED MAIL

Make Easy Escape from Their Pursuers.

Sheriff Estimates That Raiders Secure Between \$300,000 and \$400,000—Postmaster Refuses an Estimate.

Toledo, Feb. 17.—Five bandits were up to the postoffice at 2 o'clock, this morning, and held up the clerks at the point of revolvers, seized eleven sacks of registered mail and made their escape. The value of the contents of the sacks could not be estimated at an early hour this morning.

A postoffice truck had just arrived from the union station with a load of mail from the East and had parked unloading the truck when the bandits' car drove up to the fourteenth street entrance and the robbers covered the clerks. The bandit car was pursued for some distance, but succeeded in escaping. Sheriff Taylor surrounded several resorts at Point Place, north of the city, in one of which the robbers were believed to be hiding.

Postmaster George W. Lothrop, at 2 o'clock, this morning, told the International News service that any estimate of the value of the mail stolen was impossible at this time. "Any figures could only be somebody's 'pipe dream,'" he asserted. Chief Postoffice Inspector Diskin, of Cincinnati, in charge of a corps of inspectors, is assisting Sheriff Taylor and city police officials in running down clues.

Watchman follows. Immediately after the robbery, a watchman at the postoffice jumped into one of the government trucks and attempted to follow the bandit car. Owing to the fact that he could not make much speed, he lost their trail in less than two blocks.

The car used by the bandits was recovered by Sheriff Peters, this morning. It was a Studebaker, bearing an Ohio license number which had been stolen from a local garage, Monsey.

"We have a line on where the bandits are," said the sheriff, this morning, "but we are not giving out any tips until we have the men under arrest." Early tips, pointing to Point Place as the bandits' hiding place, proved worthless. A search of resorts there failed to result in any arrests. The sheriff estimated the value of the loot at between \$300,000 and \$400,000.

Money Shipments. Cleveland, Feb. 17.—Officials of the federal reserve bank here, today, said that it would be several days before it would be known whether or not any packages of federal reserve notes were contained in the loot secured in the Toledo postoffice robbery. Several large shipments, but nothing out of the ordinary, were made from the bank here, yesterday.

MIDNIGHT BURIAL IS INVESTIGATED

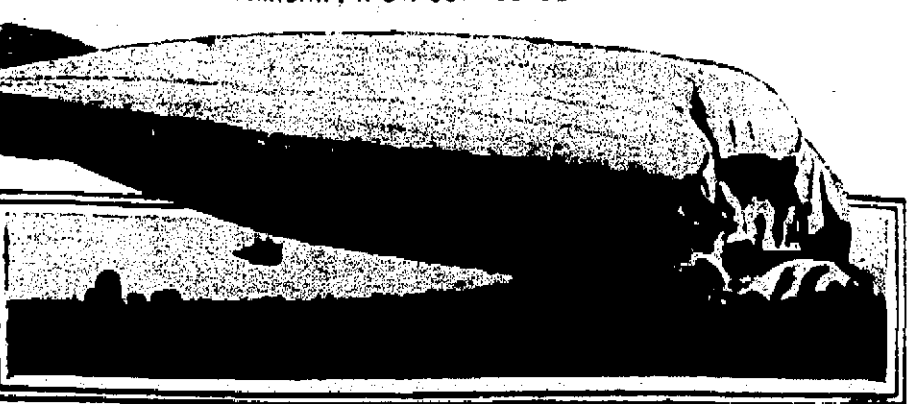

Believed Chicago Woman Dies of Natural Causes.

Chicago, Feb. 17.—Mrs. Acheah Townsend and her daughter, Marian, both of whom confessed to the midnight burial of Mrs. Nancy Chamberlain, ninety-one, Mrs. Townsend's mother, in the garden of their home, were to appear before a coroner's jury, today. Preliminary investigation, according to Coroner Peter Hoffman, has failed to reveal any evidence that Mrs. Chamberlain died other than a natural death. Relatives of Mrs. Townsend and her daughter have refused to come to her aid. John William Townsend, husband of Mrs. Townsend, was located in Detroit and James Townsend, her son, was located at Lima, Ohio.

Raise Is Granted. Mansfield, Feb. 17.—A raise in the salary has been granted the Richmond Public Service company, from seven to eight cents for street-car tickets.

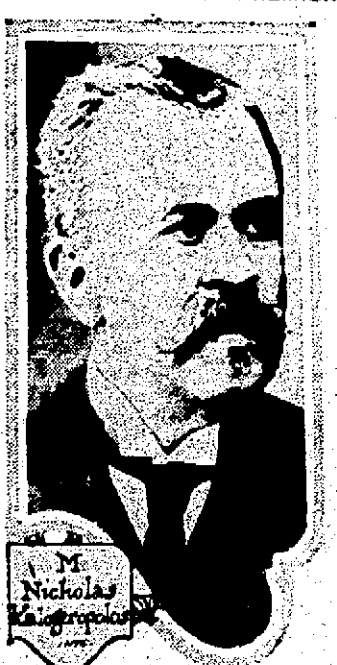

The company is selling four tickets for a quarter and asked to be exempted to raise the fare to ten cents for six tickets for fifty cents. Four hundred and fifty tickets for fifty cents for six tickets were sent in by the company.

THE GREAT BRITISH AIRSHIP, R 34, COMPLETELY WRECKED BY STORM

The great British airship R-34 being rapidly battered to pieces by the gale at Howden, England. The big dirigible is now at a total wreck as a result of the severe bumping in the high wind. Arriving at Howden after a service flight, it was found impossible to take the big ship into its shed, and she was moored in the open. Had a mooring mast been provided it is possible the big ship would have ridden out the terrific gale.

TWO TEACHERS ARE MURDERED

Bodies Found by Pupils This Morning.

EVIDENCES OF A TERRIBLE STRUGGLE

Where Women Battle for Their Lives.

Victims Are Teachers in Parma High School, Near Cleveland.

Bodies Terribly Mutilated. Valuables Not Taken.

Cleveland, Feb. 17.—Victims of a brutal murder, the bodies of Misses Mabel Foote and Louise Wolf, teachers at the Parma high school, were found, this morning, in Beau road, Parma heights, near here. The bodies were horribly mutilated and a bloody piece of plank, evidently used by the murderer, was found nearby. Evidences of a fearful struggle were apparent. Their clothing had been partially torn from their bodies.

The two women were last seen alive about 4:15, last evening, when they left the Parma high school to board a car for Brooklyn, their home. Sheriff Stannard and a squad of deputies are now at the scene seeking clues to the identity of the murderers.

A search is now being made for two rough looking men, without hats, seen near the scene of the crime, Wednesday afternoon. A light coating of snow covers the ground and tracks leading to a dense woods to the south are now being followed by a posse headed by the sheriff, in which scores of farmers have joined.

It was considered doubtful that robbery had been the motive for the crime, as valuable things were left on the hands of both women. Miss Wolf was thirty-seven years of age and was the principal of the Parma rural high school. She was a graduate of Ohio State university. Miss Foote, the other victim, was the only teacher in the school. She was twenty-four years of age and resided with her parents.

The bodies of the two women were found by school children on their way to school. The spot where the crime was committed is a lonely one, far distant from any house and a heavy storm in progress at the time the crime was committed must have drowned their cries for help.

HOUSE PASSES TAX MEASURES

Three Go Through Without a Dissenting Vote.

BILLS INTENDED TO MEET EMERGENCIES

Taft Proposal Approved by the Ohio Solons.

Measure Permits Taxing Districts To Suspend Operations of the Smith Law for a Period of Three Years.

Columbus, Feb. 17.—The three temporary taxation measures passed the house and are now before the senate. They were put through the house without a dissenting vote.

The measures are the Griswold bill, limiting bonded indebtedness; the Griswold resolution, submitting a debt limitation amendment to the constitution; and the Taft bill, permitting taxing districts to suspend the Smith one-per-cent. law for three years by vote of the people.

The Griswold bill defines improvements; the life of which is less than five years, as current operating expenses, classifies other improvements and prescribes how soon bonds for such must be paid off. It requires that specified portions of bonds must be retired yearly.

The bonded indebtedness of cities is limited to two and one-half per cent. of the tax duplicate, except for specified emergencies and waterworks. School districts are limited to three per cent. except in instances where this already is exceeded.

The proposed constitutional amendment duplicates the bill in less detailed form. It is submitted so as to prevent future legislatures from whitening away safeguards of the bill.

To give taxing districts means to raise funds for current expenses until new methods of raising revenue are provided, the Taft bill was passed. The permanent program is to furnish means of raising funds again within limitations of the Smith law. Representative Chester, president of the Corn Stalk club, announced he will attempt to amend the Silver amendment to the constitution so as to read that real estate shall not pay more than one and one-half per cent. of its "true value in money," and that this rate shall not be exceeded for school or health purposes.

The Silver amendment, now before the taxation committee, is proposed as part of the permanent program. It would abolish the uniform rule, but safeguard real estate. Chester fears attempts might be made to apportion real estate too highly and that this rate shall not be exceeded for school or health purposes.

Three Mine Bills. Three mine bills have passed the house: By Jones, Meigs county, providing for five additional mine inspectors; by King, Perry county, providing penalty for failure to install washrooms in mines and by Chadwell, Jefferson, requiring installation of telephone systems in mines.

The house also passed the Hastings bill regulating employment of strikebreakers. The bill provides that during strikes or lockouts, firms must state in their ads for men the nature of the labor trouble and define the work to be done. The bill prohibits employment of minors in such cases, without written consent of parents. All these measures go to the senate, except the Jones and King bills, which having passed the senate, go to the governor.

Representative Butterworth, Cincinnati, introduced a bill requiring common carriers to carry pupils to and from school at half fare. Senator Brand, Champaign county, presented a bill fixing weights of bread loaves at 1-2 pound, pound, 1 1-2 pounds, or multiples of halves and requiring that each loaf contain sixty per cent. solids.

FAMOUS COMPOSER DANGEROUSLY ILL

Rome, Feb. 17.—Giacomo Puccini, famous Italian musical composer, is dangerously ill, today, doctors holding out no hope for his recovery. Signor Puccini was born in 1858. Some of his best-known operas are "Madame Butterfly," "La Boheme" and "La Tosca."

WILSON WILL VETO MEASURE

Temporary Tax Bill Passed by the Senate.

IS LOADED DOWN BY AMENDMENTS

President Indicates That He Will Veto Bill.

A Conference Report on the Gronna Cold-Storage Measure Is Adopted by Senate.

Air-Mail System Plans.

Washington, Feb. 17.—Loaded down with more than a score of amendments, the Fordney emergency tariff bill passed the senate. The vote was forty-three to thirty and the measure was immediately sent to conference.

Action on the bill, designed and rushed through the house as an aid to the farmer, came after a protracted session, during which four Republican senators broke away from their party alignment and two of them, Edge and Moses, bitterly assailed the measure and its Republican supporters. Likewise solidarity of the Democratic ranks could not be maintained, nine of the minority members being recorded in favor of the bill. Senator Pomeroy voted against the measure and Senator Willis for it.

To Conference. Washington, Feb. 17.—The temporary tariff bill, passed by the senate, last night, is expected to go to conference, today, and to reach the president late this week. The president has indicated to members of congress that he intends to veto the bill.

The president is expected to make the veto message the vehicle for an attack upon the Republican tariff policy and for a statement of his own views on not only the question of tariff, but on the remedies which should be adopted by congress to meet the present situation caused by the drop in prices in farm products.

Report Adopted. Washington, Feb. 17.—The senate, today, adopted the conference report on the Gronna cold-storage bill, which prohibits the sale of perishable products in interstate commerce, which have been in storage more than twelve months.

Air-Mail System. Washington, Feb. 17.—Operation and maintenance of an air mail system between New York and San Francisco, at the cost of \$1,500,000, provided for in an amendment to the postoffice appropriation bill, was agreed, today, in the senate.

The air route would pass through Chicago and Omaha, under the provisions of the amendment.

SETTLEMENT OF RAIL TROUBLES

By Joint Conference of All Interested Is Recommended.

B. M. JEWELL GIVES VIEWS OF SITUATION

Thinks Workers and Employes Could Agree.

Jewell Says Unions Do Not Want Rules That Work a Financial Injustice on Companies.

Scheme as Outlined.

Chicago, Feb. 17.—Immediate settlement of all railway wage controversies outstanding before the United States railway labor board, by a joint conference of railroad representatives and labor representatives, to be held at the earliest possible moment, was urged before the board, today, in a statement by B. M. Jewell, president of the railway employees' department of the American Federation of Labor. Jewell's statement, presented in rebuttal to the claims of W. W. Atterbury, vice president of the Pennsylvania lines, that the country faces a national crisis unless the national wage agreements are abrogated, also recommended that the railway labor board pass immediately upon any differences of opinion which might arise from the conference.

Jewell recommended, also, that the board request Atterbury to withhold his announced presentation of "a flood of individual complaint" until the conference could be arranged. "In order that existing general agreements may not be impaired and that the matter can be brought to the board in the form of a single complaint."

The labor representative put the delay in arriving at a final decision in the controversy squarely up to the carriers, in stating that "if the carriers had obeyed the law and met the employees in national conference, or joined with them in establishing boards of adjustment, all delay could have been avoided."

Object in View. Mr. Jewell declared that his proposals were made with the following objects in view: 1.—To insist upon the fundamental principle of collective bargaining, which is now the real issue before the board in pending cases.

2.—To expedite these cases, which, otherwise, will absorb a vast amount of time and effort.

3.—To restrain the railroads from preventing proper functioning and destroying the effectiveness of the board by flooding it with a large number of individual complaints which it can not handle.

Mr. Jewell made it clear that the unions are not fighting for the maintenance of working rules that work financial injustice to the railroads.

"We do not wish to perpetuate any unreasonable rules or working conditions," he asserted. "We do not wish to cause the railroads unreasonable expense. We shall not now advocate—and never have supported—any rules that do this."

Propaganda. Charging that the railroads are conducting a strong propaganda to influence the board's decision, the labor spokesman protested against outside interference, citing resolutions which had been received by the board from the chambers of commerce and other commercial and civic organizations.

"We consider such efforts as gross and inconceivable improprieties," Mr. Jewell declared.

"This board is the supreme court of relations between employees and management in the transportation industry."

Scoring the unwillingness of the railroads' management to negotiate on a national scale, Mr. Jewell said: "By centralizing their own bargaining power and decentralizing of the unions, they hope to weaken the local organizations, especially those which recently have been formed."

Making Repairs. Mineola, New York, Feb. 17.—Lieutenant Ross C. Kirkpatrick, who was frustrated in attempting to establish an endurance flight record, owing to a faulty generator, today was completing repairs on the huge Curtiss-Eagle biplane for a second attempt, which will be made in a few days.

Price Movements. New York, Feb. 17.—Price movements were of a mixed character at the opening of the stock market, today, with the losses and gains being about equally divided. Dealings were small.

AMERICAN SHIP REPORTED SINKING

Amsterdam, Feb. 17.—The American steamship, Clifford, was in collision, today, with the British ship, Augustin Abbey and is reported sinking. She was bound from New Orleans to Rotterdam.

HUSBAND HITS HER WITH A ROLLING PIN

It's a topsy-turvy world, indeed, since women were given the ballot. In the not far distant past the traitor wife used to sit up late to censure her husband's dome with a rolling pin. Times have changed, though, as Mrs. Ada Goldberg, of Chicago, testified at a hearing in her suit for divorce in that city. Mrs. Goldberg complained that her husband, Joseph, had struck her over the head with a glass rolling pin, "assuming a woman's prerogative," said the judge.

London, Feb. 17.—Evidence that a Bolshevik revolution has been planned for France, Holland, Belgium and Germany, has been found by the Belgian police, according to an Exchange Telegraph dispatch from Brussels, today. The dispatch said:

"Belgian police, in searching the houses of Communists, found documents in which was contained an order from Moscow for plans to launch a huge revolutionary movement in a few weeks, in France, Belgium, Germany and Holland."

THE FIRST MOVE

London, Feb. 17.—Germany made her first move, today, in an effort to annihilate the allies' war indemnity decisions. Proposals that were worked out over the week-end, were sent to Paris. It is understood that Germany contends that the discrepancy between her national revenue and expenditures shows the impossibility of meeting the allies' demands. However, the promise is given that the German government will continue to increase taxes.

The entente officials are most hopeful that the Germans will adopt a "cooperative" attitude and that an agreement will be reached when the reparations conference opens here, next month.

WILL LEAVE MONDAY

Paris, Feb. 17.—Premier Briand and Marshal Foch will leave for London, Sunday, to attend two great international conferences. They will be absent for two weeks. The German indemnity conference will open March 1, but proceeding that, discussions on Near East problems will begin, February 21. The main question to be settled at the former meeting, is the attitude of the allies toward Greece and Turkey.

LITERATURE FUND

Toronto, Ontario, Feb. 17.—A large quantity of literature dealing with a republican movement in India, consigned from the Young India League, in New York City, to Andrew Glynn, of this city, was seized, today, by the authorities and will be held pending a decision as to its final disposition by the commissioner of the Royal Canadian Mounted police.

DEKALF EDITORIAL

Paris, Feb. 17.—Although both Premier Lloyd George and Premier Briand have emphasized the solidarity and unity of England and France since the supreme council meeting, the Echo de Paris, a newspaper with official sources of information, today hinted at a break.

"Official circles foresee a break in London because France will refuse to change the Paris agreement on German war indemnity," said this newspaper.

The Echo de Paris proposed that if Germany rebelled against paying \$5,999,999,999 and a 12 1/2 per cent. export tax, that England take over German customs stations and France occupy German industrial cities.

The French Socialist newspaper, Humanite, expressed the belief that the Oriental conference in London, next week, will not result in any decisive decisions.

LOOKS TO AMERICA

London, Feb. 17.—"Germany's hopes that America will intervene in her favor in the indemnity matter, are regarded here as strangely childish," said the diplomatic correspondent of the Daily Telegraph, today, in commenting upon recent utterances of Dr. Walter Simons, the German foreign minister.

The newspaper forecasts that there is no chance of America attempting to interfere in behalf of Germany.

The Times suggests that "the Germans be met on their own grounds and spoken to in their own language, after the manner in which General Hoffman banged the peace table with his fists during the Russian conference at Brest-Litovsk."

LEADERS ARE FOUND GUILTY

Howat and Co-Defendants Get Jail Sentences.

CONTEMPT OF COURT CHARGE SUSTAINED

Chiefs of Kansas Miners Call a Strike in Violation of Orders of Court.

Pittsburg, Kansas, Feb. 17.—Alexander Howat, president of the Kansas miners' union, was found guilty of contempt of court and sentenced to jail by Judge Andrew J. Curran of the Crawford county district court.

With Howat were found guilty his five co-defendants in the contempt proceedings, all officers of the Kansas union. They are August Dorey, vice president; Willard Titus, John Fleming, James McElwath and Earl Maxwell, executive board members.

All the defendants were sentenced to a year in jail and to pay costs. Joe Hildebrand, George Chubb and W. L. Hazen, officers of a Chubb local union, tried for contempt of court, were found not guilty by Judge Curran. The local union officers were charged by the state with using two union members who appealed a case to the industrial court. The union has a provision for a fine in such cases. Judge Curran held it was not proved that the two union members had been fined.

Bonds for Howat and his associates were fixed at \$2,000 each, and they were released upon their own recognizance to make bond.

The calling of a strike in two mines, in violation of an injunction, caused the contempt proceedings. The strike resulted from a controversy over the age of a young miner named Mikham, because the question of his age affected his rate of pay.

Attack on Trains. Dublin, Feb. 17.—Another attack upon a train—the third big assault of this kind since last Saturday morning—was reported, today, from Akenston, County Limerick. A girl passenger was wounded, but the military police did not report any casualties. There was a heavy exchange of shots when the Sinn Feiners opened fire upon the train.

BASKETBALL

Marion To Play Gallon.

With a reputation of being one of the fastest girl teams in this part of the state, Marion will meet the Gallon High girl team on the Gallon High school gym floor on Friday night.

From indication Marion not only has a very fast team but also much heavier than Gallon. They have great team work and are excellent when it comes to shooting baskets.

Gallon girls have only played four games this season, out of these have won two. This is a fine record when one stops to think that this is the first year for the use of boys rules in girls basketball. Most of the surrounding towns have been using boys rules for a few years back. Gallon girls, although not confident are determined to win. Gallon girls are not the kind that lay down on the job but are "up and doing" at all times.

This game will be played at 8 o'clock, the boys game following. Gallon Inquirer.

Game at Army.

Another fast basketball contest will take place at the armory, this evening. When the fast team from Marysville will meet the local American Legion team. The Marysville team is one of the fastest in Central Ohio and has defeated some of the best teams in this section of the state. The locals have been practicing hard with a view to victory and a classy game can be expected. Play will start at 8:15 o'clock.

Delaware Game Tomorrow.

Tomorrow evening at the Y. M. C. A. the Harding High basketball team will play a return game with the Delaware quintet. Marion was defeated at Delaware two weeks ago. It has been three years since a Marion team has been able to stop the big men from the college town.

The locals have been showing good form this week in practice.

The defeat of Ashland at Gallon last Friday night still keeps the locals in the running for North Central league honors. This unexpected result lowered Ashland a notch leaving Mansfield leading the league.

If the locals defeat Delaware in tomorrow's game and take Gallon into camp, as they have a splendid opportunity of doing since the game is to be played on the home floor, then a triangular tie for honors will result between Mansfield, Gallon and Marion.

Osgood Wins.

By a score of twenty-nine to eight the Osgood basketball five defeated the Pollak Steel team Wednesday evening on the Y. M. C. A. gym floor. The line-up: Osgood, 29 Pos. Pollak, 8 Parr t.f. Sheche Martin l.f. Grover Clagett c. Warren Blaggett r.g. Baldauf Lashey l.g. Huston

Lucky Five Winners.

The Lucky Five basketball team won from the Marion Steam Shovel team, twenty-one to fourteen, Wednesday evening, on the armory floor. Some fine team work was shown by the Lucky Five and the shooting of Robbins and Thompson was a feature of the game. The line-up:

Lucky Five 21. Pos. Steam Shovel 14 Corwin t.f. Thompson Seiter l.f. Cleveland Robbins c. Pfisterford Uline r.g. E. Smith Laucher l.g. Madden Field baskets, Robbins 5, Thompson 3, Smith 2, Seiter 2, Corwin, Uline, Laucher, Pfisterford, Cleveland; foul baskets, Robbins.

Mrs. Herbert Davis, of near Meeker, who underwent an operation two weeks ago at the City hospital, was removed to the home of her cousins, Mr. and Mrs. G. H. Davis, of south Seifner avenue, Wednesday afternoon.

Bill for Clothing—A bill for \$22.74 for clothing for Marion county's one inmate at the Lima hospital was received this morning from the state board of administration by County Auditor B. C. Decker. The bill is for clothing for the six months period ended January 1.

New Partnership—John F. Convery, formerly in charge of the Kelly Island Lime & Transfer company's office in this city, has formed a partnership with E. H. Cowan, for selling real estate. The wide acquaintance of Mr. Convery with the business interests of Marion will, it is expected, add strength of Cowan & Convery.

Entertained at Dinner—The teachers of the Forest Lawn school building entertained at dinner Tuesday evening at the Pilgrim Inn for the pleasure of Mrs. John Moore, who was married last fall. Mrs. Moore was formerly Miss Ola Knowles and was a teacher at the Forest Lawn building. Covers were placed for fourteen and the guests were Miss Gladys Bressler and Miss Alice Blair. After the dinner a theater party was enjoyed.

Held to Grand Jury—James St. Clair, arrested Tuesday evening with Michael Shea on a charge of entering the office and storage house of the Marion Distributing company by breaking two windows, changed his plea of not guilty and to expedite matters waived examination as Shea did. St. Clair was bound over to the grand jury and in default of \$2,000 bond was sent to jail.

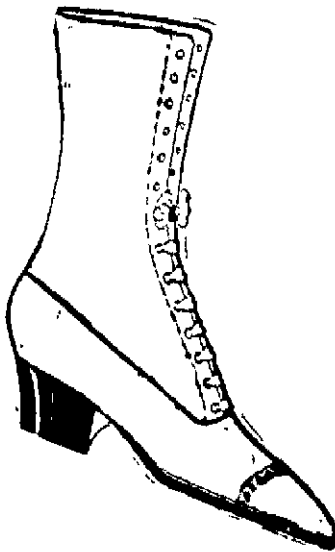

Both Seventy-Five Today—John Allmendinger, of Prospect, and Judson Davis, of north Main street, life-long residents of Marion county, are today celebrating their seventy-fifth birthdays and in honor of the event Mr. Davis, daughter, Mrs. B. F. Fleming, entertained at dinner today at her home on north Main street. A very enjoyable afternoon was passed. Those entertained by Mr. and Mrs. Fleming were Mr. and Mrs. John P. Allmendinger, Miss Edna Allmendinger and Miss Alice Fleming, of Prospect; Mr. and Mrs. Judson Davis, Mrs. Minnie Leach and Miss Estella Leach.

Guilty One, Innocent Another—James Monroe, arrested on the affidavit of P. L. Roush for issuing and attempting to pass a forged or false check, was given a hearing before Mayor T. E. Andrews, Wednesday afternoon, following his plea of not guilty to the charge. Monroe maintained that he received the check from Ray Davis, to whose account it was payable. After the hearing the mayor reserved his decision until this morning. When arraigned this morning, Monroe was dismissed on the false check charge, as there was not sufficient evidence to warrant his being bound over to the grand jury. As Monroe was intoxicated when arrested and also disorderly, he was held to answer to this charge and on his plea of guilty was fined \$25.

Right on Their Tocs—A special meeting of the directors of the Oakland Civic association was held Wednesday evening at the clubrooms, at which time a petition signed by about 200 residents of that vicinity for a special policeman for the community, was presented for the endorsement of the association. The petition was endorsed by the directors and resolutions drawn, stating the necessity for a policeman for that vicinity. The secretary's report showed that the membership of the association is growing and that there is a good amount in the treasury. F. E. Guthrie will address the members and their friends at a meeting to be held Monday evening.

Buy Tenders Store—A change in the ownership of the Tenders confectionery store, No. 142 west Center street, was made this morning, the Tender Confectionery company disposing of the business to Andrew P. Loukes, formerly manager of the Sugar Bowl and Busy Bee confectioneries, at Massillon, and August Polanco, manager of a confection-

MISS ANNA M. FLESHER WEDS RALPH C. HOLE

Coronary Performed at Richwood by Rev. J. A. Hoffman.

A marriage which has been expected by their friends for some time was that of Miss Anna M. Flesher and Mr. Ralph C. Hole, says this week's Richwood Gazette.

The ceremony was performed by Rev. J. A. Hoffman, pastor of the M. E. church of Marysville, Thursday, February 10, at 2:30 o'clock. The bride is the only daughter of Mr. and Mrs. W. L. Flesher of Grove street and is well and favorably known here. The groom is the eldest son of Mr. and Mrs. F. B. Hole, of near Summersville. Both are graduates of Richwood High school. The young couple will reside in Marion where Mr. Hole is employed by the Standard Oil company.

JUSTICE FOR THIRTY YEARS, HE RESIGNS

Jason Case, of Richwood, Quits at Eighty Today.

After thirty years continuous service as Justice of the peace in Clayborne township, Jason Case has resigned, his resignation to take effect on February 17, his birthday anniversary. On that date Mr. Case will be eighty years old. He is doubtless the oldest Justice in the county, and there are few older in the state, says this week's Richwood Gazette.

Mr. Case is one of Richwood's oldest and best known residents. He is the founder of the Richwood Produce company and despite his advanced age still takes an active interest in the business. He is at the Richwood plant of the company nearly every day.

SOCIETY.

The Silver Crescent club met Wednesday afternoon with Mrs. Olin Comstock, of north State street. The time was given to fancy work and in a contest Mrs. George Helwald won the honors.

Miss Esther McDonald entertained the Modern Stitches at her home on Charles street, Wednesday evening, and the time was passed sewing. The guests were Mrs. Howard Scott, Miss Mildred Sloat and Miss Helen McDonald.

Needlework, contests and music were the features of entertainment at the meeting of the Cuckoo club held with Mrs. Ralph Hurr, of Mary street, Wednesday afternoon. Mr. Hurr favored the women with several vocal solos.

The hostess served a dinner, the table being decorated with flowers and hearts. She was assisted in serving by Mrs. F. D. Bentz, Mrs. Alfred Moore and Mrs. H. B. Hartpence. Mrs. Alfred Moore was a guest.

The Round Table club held a meeting with Mrs. Fred Hoch, of south Prospect street, Wednesday afternoon. Mrs. Lawrence Rainey read a paper on the life of John Galsworthy and Miss Blanche Rhodes gave a review of "The Dark Flower."

Mrs. C. E. Anderson, of Delaware avenue, entertained the Wednesday Bridge club, Wednesday afternoon. Four tables were filled for a series at cards.

Mrs. Charles Swisher was hostess to the members of the Jewel club Wednesday afternoon, at her home on Chestnut street. The afternoon was passed socially and with embroidery.

Mrs. Fred Schurille was hostess to the members of the Harmony club, Wednesday afternoon, at her home on Girard avenue. Several piano numbers were given by Mrs. Kimer Parish and the hostess, and a reading by Mrs. Schurille was enjoyed. The members decided to change the day of meeting to Friday instead of Thursday. The club will meet March 4.

The members of the Carpo Diem club met Wednesday afternoon, at the home of Mrs. E. L. Trott, of Olney avenue, with a good attendance. The afternoon was enjoyed with needlework and Miss Janet Trott contributed several piano numbers. Mrs. Ray Sager was a guest. In two contests the awards were given to Mrs. Willis DeLong and Mrs. J. M. Hogan. The hostess was presented a hand-painted plate.

FOR LUMBAGO

Try Musteroie. See How Quickly It Relieves

You just rub Musteroie in briskly, and usually the pain is gone—a delicious, soothing comfort comes to the place. Musteroie is a clean, white ointment, free of all oil of mustard. Use it instead of mustard plaster. Many doctors and nurses use Musteroie and recommend it to their patients. They will gladly tell you what relief it gives from sore throat, bronchitis, croup, cold, cough, asthma, neuritis, sciatica, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chafing, frost-bite, etc. of the face, neck, throat, chest, back, arms and legs. Hospital size \$3.00.

CHURCH SOCIETIES

Separate Meetings.
Rev. Theodore Raftery and Rev. Father Stauble each addressed a separate meeting of the women of St. Mary's church Wednesday evening. The young women were addressed by Father Raftery in the school hall and Rev. Father Stauble talked to the married women at the church.

St. Paul's Episcopal Mission.
"Sin and the Results of Sin" was the theme of Father Tiedemann's sermon Wednesday evening at St. Paul's Episcopal church. The sermon was followed by instruction and the explanation of the Ten Commandments. Friday will be observed as a day of prayer by the congregation.

Standard Bearers.
The members of the Standard Bearer class, of Epworth M. E. church, met Tuesday evening, at the home of Miss Catherine Sloan, of Delaware avenue. Mrs. Frank E. Siffert gave an interesting talk on "Finding One's Self." A social hour followed the talk, and Edward Sloan contributed a piano number.

Dorcas Circle.
Mrs. W. H. Melby was hostess to the members of the Dorcas circle, of St. Paul's English Lutheran church, Wednesday evening, at her home on Cherry street. The evening was passed socially.

Ladies' Lawn Aid Society.
Mrs. H. J. Hilhop and Mrs. O. E. Croviston were enrolled as new members at the meeting of the Forest Lawn Aid society, of the Forest Lawn Presbyterian church, held Wednesday afternoon, at the church. The time was passed in sewing for the Easter bazaar.

Calvary Revival.
Each evening the attendance at the revival services at Calvary church continues to increase over that of the previous week. George D. Reep last night sang "A Clean Heart," and the pastor preached on the theme, "Sin, Its Nature and Penalty." The subject for tonight will be "The Sin That Destroyed Israel." There will be saxophone and cornet music and Mr. Reep will sing.

W. H. Jenkins, of No. 341 Silver street, is attending the Bottlers' convention in Columbus this week.

Woman's Century club will hold a rummage sale Saturday at City Market, north State. 71-2-p

Idle Dollars

In every community there are thousands of idle and non-productive dollars.

Idle dollars may represent value, but they have no value to their owner or the community until they are put in motion.

Today there is a pleasant and profitable job for every dollar in the land. Homes are needed—homes which will make better citizens, better neighbors, a better town—homes which will contribute accordingly to the welfare of every man, woman or child in this community.

Put your idle dollars to work by getting them into a savings account, and you will be surprised how quickly you will be able, with our assistance, to build for yourself and family that new home you have been wanting to build for so long.

If interested in that new home get in touch with us, we shall be glad to furnish further information.

DR. O. A. NEWLIN IN HIS INITIAL REVIVAL SERMON

Makes Plea for Harmony with God, Wednesday Night.

LARGE AUDIENCE AT PRESBYTERIAN CHURCH

G. E. Bonney, Song Leader, To Conduct Booster Chorus During Evangelistic Campaign.

At the close of Evangelist O. A. Newlin's quiet and searching sermon on the text, "What Mean Ye by this Service?" Wednesday evening at the First Presbyterian church, the opinion was freely expressed that Newlin and Bonney as a combination have few if any equals in the ranks of evangelistic workers today. The prevailing spirit was one of eager yet confident expectancy.

Dr. Newlin quickly won his audience by his manliness and genial earnestness. In simple, unadorned

DR. O. A. NEWLIN.

speech he lodged vital truths in the minds of his hearers, and with the eloquence of impassioned earnestness summoned his hearers to more vital faith and fuller consecration.

Opening Service of Song.
The opening service of song and a solo by G. E. Bonney were admirably suited to the evangelistic message. The singing of the large chorus under Mr. Bonney's direction was of such unusual merit that many remained for the rehearsal which followed the service.

The pastor, Rev. L. L. Strock and officers of the church feel more than satisfied that the Newlin meetings will be productive of large results, not only in accessions to the membership of the church, but also in more consistent Christian living on the part of those who are now members of the church.

His Closing Word.
Dr. Newlin's closing word was a new Testament text: "I ask therefore for what intent ye have sent

MARIE

Knew What She Wanted.

"There's just this much about it, Jacob Eugene, I will not have your 'Burch' as you call them, out here until I get some new dishes—so there. The last time I entertained my club I had to make it a picnic supper because my dishes are nearly all broken—and it's no use to wait until they get cheaper because dishes are cheap now. I was down to Schaffner's the other day and the salesman told me they were selling dishes now for less than they can buy them. Shall I call Schaffner's up and tell them to save me a set?—Oh! I know which pattern I want: all right—and—no—I told them I might telephone—so the girls know which pattern it is."

All that before she stopped to breathe—What could Jacob Eugene say? Only one thing and that was just this—"Yes! Telephone them. Have you the number? It's 2262."—Adv.

for me?" Answering the question for himself he said: "I have come here to be your servant—to carry out your wishes and to realize, so far as I can your desires. But I must see that your wishes and desires are in harmony with the will of God."

Leaving this challenge with his audience the evangelist closed the service with a brief prayer for the guidance and blessing of God throughout the campaign.

Mr. Bonney has announced that all children between the ages of seven and fourteen are eligible to membership in the "Booster" chorus and that the first meeting will be next Saturday afternoon at 3 o'clock. Mr. Bonney claims to be a magician as well as a musician, and promises the children an interesting entertainment of magic in addition to a lively rehearsal for the chorus.

Hickwood Gun Club Shoot.
In addition to giving all entrance money received at their benefit shoot of February 22, the Hickwood Gun club will add \$50 to the sum, all of which will go to the fund for the starving children of Europe. Eleven events in all are on the program. Two of these events are for novices

who have never shot over the traps. Merchandise prizes, donated by Hickwood business men, will be given the winners. There are also prizes for the three low guns. Shooting will commence at 10 a. m.—Hickwood Gazette.

Cut Flower Prices

The following prices depend on variety, quality of flower, length of stem and freshness.

In other words you pay for what you get and no more. For instance, a fresh home grown carnation of the larger types or varieties are worth more than those that are shipped, two or three days old, or of a smaller variety or short stems.

With all flowers those which produce the least flowers are the larger and last longer and cost more to raise, hence the higher price for quality stock.

Today's Prices:

If we get the view of Al Jennings, the New York Herald who held him up was highly unprofessional.

The allies appear to lean to the view that paying war debts is a sort of a snipe hunt and are attempting to cajole Uncle Sam into holding the bag.

The Canton News tells us that congress will delete the testimony of General Dawes. Our understanding was that it planned simply to eliminate the picturesque expressions.

We never exactly realized what old Kuroputkin meant by his "aggressive movement to the rear" till prices of necessities began to retreat.

"So whisky brings \$10 a quart," observed the restaurant philosopher at Japchone today. "Doesn't it jar you to think of people paying \$10 a quart for stuff with which to stend away their brains?"

Texas has abolished her pardon board. Evidently the Lone Star state proposes to follow the old Gilbert and Sullivan idea of making the punishment fit the crime.

Why wouldn't it be a good proposition to transport the parlor Bolsheviks to Russia? If their experience there weaned them from their folly, well and good. If it didn't, all the better.

"It's my guess," remarked the fellow who lives next door on the way down town this morning, "that the 'moral' gown designed by fifteen ministers is not liable soon to attain popularity in the movies."

According to a scientist, 40,000 germs are switched every time two people kiss, and yet the world's population continues to increase. There's a screw loose in the germ theory, or these germs have been sadly maligned.

We glean from a fashion note that knee breeches for men are coming, sure as judgment, and we simply can not help feeling that a style like that is a needless cruelty to men with legs like those of some we know.

A Buckeye exchange states, without the slightest qualification, that skirts are growing shorter and waists coming down, but it seems simply impossible of belief. The day of miracles has passed.

Judge Landis, or any other man who accepts two salaries for radically different jobs, would never make a good paragrapher, for necessarily he would become so interested in paraphrasing that he couldn't have the nerve to draw money for neglecting the other.

We take it that the fifteen per cent. exemption for charity permitted in computing the federal income tax is to meet the case of the exception which proves the rule.

So faithfully and well has Edison served humanity, that if he wants to put in his old age experimenting on the spirits, it's hard to see where there is any ground for complaint—unless, of course, it be on the part of the spirits.

There are said to be 30,000 vacant farmhouses in Ohio, but mighty few of those we have seen exert an appeal like a home, and that may be one of the reasons they are vacant.

This is the season of the year when the newspaper fellows usually begin pointing out to their readers how the home garden will reduce the cost of living, and they keep so busily at it usually that they neglect to start gardens of their own.

The Newark American Tribune remarks that "many a man who has taken a girl at her face value has found that he secured only a counter-jeff." And it's just possible that many a girl who has taken a man the same way has found herself heartily stung. In that respect, the sexes are on an absolutely even basis.

Sketches from Life

"Lookit, He Don't Have to Walk Back!"

PAY OF VICE PRESIDENT.

The action of the United States senate looking to the raising of the salary of the vice president and the speaker of the house from \$12,000 to \$15,000 per year is no more than a fair adjustment of salaries, particularly so in the case of the vice president.

The vice president, speaker and cabinet members have long been underpaid, comparing their salaries with those of officials holding places of smaller importance in our scheme of government.

At the time the present salaries were fixed, they may have been adequate, and doubtless were, but such is the present cost of living that they must be held too low, and this is particularly true of the vice president. Unlike the speaker of the house, who may be away from Washington one year out of two, the vice president must maintain a residence there his term through, and such is the custom that he is expected to live with the dignity with his status as the second elective officer of the government demands. It is obvious that he can hardly do this on his present salary of \$12,000.

The proposed salary of \$15,000 is far from extravagant.

CUTTING DOWN DISTANCES.

We used to think of the United States as a big country—and it was. But it is rapidly becoming smaller. First it took months of travel to cross the continent. Then the two oceans were linked by steel rails and the entire nation hailed it as a remarkable feat when the country was crossed in a week. But apparently we are to have another realignment in terms we employ in thinking of distance.

A letter mailed in Los Angeles a few days ago was delivered in New York in forty-eight hours. While this is not an average occurrence, since at least twice that length of time is required for a train to travel from Atlantic to Pacific, that it has been accomplished once demonstrates that it is within the possibility of becoming common. The letter was carried in relays by train and aeroplane, the latter of course making its rapid journey possible.

If a letter can travel across the continent in two days, why not a human being. It may not be long until a Gollumite, seeking recreation, will spend week-ends on the balmy shores of the Pacific in California, or until Californians patronize "air excursions" to Atlantic City.

RIGHT TO CARRY A REVOLVER.

[Columbus Gittchen.]

One Ohio legislator after another in recent years has tinkered with "gun-toting" laws until Mr. Gittchen has been jockeyed into a position where he'll be sent to the penitentiary if he's caught carrying a gun to protect himself against bandits and hold-up men.

So far as present laws are concerned, the advantages are all on the side of the hold-up men because they have never had any intention of obeying them. On the other hand, the hold-up men may well figure that the chances are 100 to one that their intended victim is not armed.

Instead of protecting honest citizens, present gun-toting laws are a detriment to them, especially during "crime waves" such as the one that now prevails in Ohio.

If the legislature really wants to make it harder for crooks to get revolvers, why not enact a law prohibiting the manufacture, sale or importation of guns into the state, except under the most stringent regulations. Even then the desired end would not be reached until other states, cooperated with similar legislation or congress at Washington passed a law that would apply to the entire nation.

Representative Hunt of Toledo advances one solution in the form of a bill now before the legislature which would permit probate judges to issue permits to American citizens of good repute to carry revolvers.

It will be interesting to watch the legislature this winter when it tackles this problem. Some plan should be worked out that will deprive the crook element of at least some of the advantages they now have over the rest of us.

LIFE'S VAUDEVILLE.

[By James Ball Naylor]

THEY ACCEPTED HIS OFFER.
Lectures are lectures.
The real, simon-pure lecture is a staid and prosaic, dignified and eloquent, polished and exact speech upon some chosen subject of more or less vital human interest.

Frequently it is a good means of producing slumber.
It may deal with scientific, sociological, biographical, historical, literary, artistic or religious matters—or other matters of like nature. That's the real lecture.

But there are other "lectures," as I've already said—many kinds.
There are political "lectures," humorous "lectures," certain "lectures," soap-box "lectures," patent-medicine "lectures" and so on—and infinitely.

Of course we mustn't forget Chautauqua "lectures."
They're in a class by themselves.

People like to hear lectures—sometimes. Lecturers like to deliver lectures—sometimes. But lecturers get tired of giving lectures just for the fun of the thing—eventually.

You may not believe this statement; but it's true. I admit that it sounds unreasonably; but it's a fact.
Thomas Nelson Page is a Virginian, an author, a lecturer, a scholar—a dignified gentleman of the old school.

Just recently he was American ambassador to Italy.
Thomas Nelson Page is a good writer; but he isn't a good penman. In fact, he is a most miserable scribbler; and thereby hangs a tale—and here's the tale.

One of Mr. Page's customs has been to give occasional lectures near his home, for the benefit of local charities. Recently a small town some distance away, learning of this kindness on the part of Mr. Page, wrote asking the distinguished gentleman to give them a lecture. In reply he wrote:

"Dear Sir: I am overworked and, being no longer young—I will have passed six decades next month—I have decided not to lecture henceforth, except in this immediate vicinity, if at all. I can not promise to visit your town on that errand—certainly not now."

Well, the town committee got Mr. Page's letter; and spent two or three days in struggling to decipher it. Some of the members soon gave up in utter despair of ever making head or tail of such a miserable cursive scribble; but others persisted. And, at last, these latter persistent souls thought they had a glimmer of light—thought they caught a few faint rays of the intelligence Mr. Page sought to convey to them. So they sent this reply:

"Dear Mr. Page: Your acceptance to lecture before our association came this morning. Your penmanship not being the plainest, it took some time to translate it, but we succeeded, and would say your time—next month—and terms—six dollars—are perfectly satisfactory. As you suggest, we may be able to get you other engagements in this community. If so, we will advise you."

How would you like to be a lecturer?

were balloted on for the class to be
initiated next Sunday afternoon. The
Delaware lodge will also bring a
class for initiation and the Gallon
degree team will do the work. The
Elks' hall has been secured for the
work. A special meeting will be held
Saturday evening to practice and
complete the arrangements. Plans
were also completed for the athletic
carnival to be held at the armory
next Monday evening. In addition
to the three boxing bouts by foreign
talent the committee has secured
two local young boys for a four-
round bout.

WELL KNOWN ALGER FARMER COMES OUT WITH A STRONG ENDORSEMENT FOR NUXITE

SAYS HE CANNOT PRAISE IT TOO HIGHLY.

I WAS ALL RUN DOWN.

My Limbs Were Sore and Stiff.
Could Hardly Walk. Poor Appetite.

You bet I am glad to recommend Nuxite. I feel it is my duty to do so after what it has done for me. Mr. A. H. Berry said. I am an old resident of this country. Everybody knows me. I was 70 years old March 16, 1920, and live on my farm, at Alger, Ohio, a few miles out of Lima. Continuing, Mr. Berry said, I would not think of giving a statement through the Marion papers without it was true. I can say truthfully Nuxite has given me good results. For some time I have been bothered with a slight stomach trouble, nervousness and run down system, no energy or ambition, did not feel like doing anything. My limbs were stiff and sore, could hardly walk around on my farm. At times I was a little worried about my condition. I read quite a

lot in the papers about a medicine called Nuxite that is being sold at the Schmidt drug store, Marion, Ohio. Two or three weeks ago while in Marion I purchased a bottle of Nuxite, took it home and began to use it. After I had taken one bottle I could notice quite a change, my appetite seemed better, stiffness and soreness in my limbs are much improved, in fact, I feel stronger, better than for some time. My stomach is getting in good shape. I can eat most anything I want. I have more ambition to work. As I said before, I can recommend and am pleased to have the opportunity of telling my friends what I think of the great medicine.

"The Nuxite Mr. Berry refers to is being explained at Schmidt's drug store, Marion, Ohio, by W. R. Cooper—Ad.

CLEVELAND FINANCIER SPEAKER AT RICHWOOD

Along with Lieutenant Governor Brown and Others.

Talking on the subject, "The Business Outlook for 1931," Josiah Kirby, Cleveland financier, impressed the ninety-five men who attended the Commercial club of Richwood's annual banquet Friday night as a man who has come to an optimistic conclusion after thorough acquaintance with the problem at hand, says this week's Richwood Gazette. Mr. Kirby who has become nationally noted as a builder of big business and as a specialist in working and remedying the causes of business failures, thoroughly analyzed the causes of our so-called prosperity and the reaction noted within the last few months.

Mr. Kirby does not think that prices to the consumer will be reduced to pre-war levels, neither does he believe that wages will be cut to that basis, but he does think that material reductions in both will be made.

According to Mr. Kirby's viewpoint the solution of America's financial problem lies in the expansion of our foreign business.

Lieutenant Governor Brown was introduced by Dr. L. T. McKinney. These two men are old acquaintances. Mr. Brown declined to talk on a given topic, but his address was along the line of town improvement. Himself a resident of a small town, the speaker is thoroughly familiar with the problems of the small town and with the activities which will make a good town out of a poor one. Especially did he stress the fact that a town's real character lies not so much in its architecture, its streets or other improvements as it does in the town's citizenry. The cooperation of merchants and citizens, said the speaker, will make any town better. In support of this assertion, striking illustrations were effectively used. Mr. Brown cited advertising in the local paper as an effective means of removing the big mail order houses from competition with small town merchants.

W. C. Mallin, of Cleveland, a business associate of Mr. Kirby, talked briefly. Mr. Mallin is a native of Union county, having been born near York. He expressed his pleasure in being permitted to meet with the people of the community which he still calls home.

H. E. Peet, chairman of the membership committee, talked briefly on the benefits to be gained through association with the Commercial Club.

Rev. J. R. Lloyd made a pleasing talk relative to the invisible guest banquet to be given February 13, for the benefit of the starving European children. Very forcefully Rev. Mr. Lloyd gave reasons which, because of their economic value, if no altruistic motive impelled, should cause a liberal gift to this cause.

Arnon Durnell sang two solos.

OLD STANDBY, FOR ACHES AND PAINS

Any man or woman who keeps Sloan's handy will tell you that same thing.

ESPECIALLY those frequently attacked by rheumatic twinges. A counter-indication, Sloan's Liniment soothes the congestion and detaches without rubbing to the affected part, soon relieving the ache and pain. Kept handy and used everywhere for reducing and finally eliminating the pains and aches of lumbago, neuralgia, muscle strain, joint stiffness, sprains, bruises, and the results of exposure. You just know from its stimulating, healthy odor that it will do just what Sloan's Liniment is sold by all druggists—35c, 70c, \$1.40.

80 Years Old - Was Sick

Now Feels Young After Taking Eutonic for Stomach

"I had your stomach over three I had the grip and it bothered me badly. Here I take Eutonic only a week and am much better. Am 60 years old," says Mrs. John Hill. Eutonic quickly relieves your stomach, indigestion, heartburn, bloating and distress after eating because it takes up and carries out the excess acidity and gases which cause most stomach ailments. If you have "lost everything" and feel better, do not give up hope. Eutonic has brought relief to tens of thousands like you. A big box costs but a trifle less than your druggist's guarantee.

LYCEUM NUMBER IS GIVEN AT MARSEILLES

Along with Lieutenant Governor Henry Wright, of Kenton, Moves to Marseilles.

Marseilles, O. Feb. 17.—[Special]—The fourth number of the Marseilles Lyceum course was given in the M. E. church Saturday evening by the Lombard entertainers. The entertainment was well attended and greatly appreciated.

Boyd Buckingham and family of Delaware, passed the week end with Mr. Buckingham's parents, Mr. and Mrs. Silas Buckingham.

Communion services were held in the M. E. church Sunday morning. The services were in charge of the district superintendent, Rev. C. C. Pease, of Findlay.

Henry Wright, of Kenton, has rented Mr. Brewer's property and will do blacksmithing in the shop owned by Mr. Brewer.

The H. C. Scherff Furniture Company's GREAT INSPECTION SALE!

Friday the 18th, will be Inspection Day! Saturday the 19th, Sale Day!

Beginning at 12 o'clock Friday noon and continuing until 9 o'clock Friday night our store will be open for inspection. The prices will be in large plain figures on every piece of Furniture, Rugs, Stoves, etc., in this immense stock, at the low marked price.

This Sale Will be a Surprise to All

People have been looking for low prices. We have been working as hard as you have been looking, and, like our sale of two weeks ago, we are ready to give you as great if not a greater surprise.

PLEASE REMEMBER—There will be no goods sold on Friday. We simply want you to visit the store, spend plenty of time inspecting our stocks and prices. There will be plenty of amusement.

Saturday Will be Sale Day

Beginning Saturday morning at 8 o'clock and continuing until 9 o'clock Saturday night the merchandise will be sold as shown on Friday. You make your selections and get here early Saturday morning so as not to be disappointed.

The terms of this sale will be cash with the order. All goods sold as shown on floor. No goods exchanged. No C. O. D. No Telephone orders.

Our orders have been going into the factories and merchandise at the new prices has been coming in daily.

No old, shop-worn stock. Nothing but "Scherff" Quality is to be found on our floors.

All these go in sale.

The surprise of them all is the selection we have on our new Rug stocks.

Mills are closed on account of strikes. There will be a Rug shortage for Spring. Our stock has been brought up to full capacity with the latest prices. All these go in sale.

We are not quoting prices or mentioning discounts. What we are after is to have you visit the store.

This inspection sale will enable you to see the quality of our merchandise. You can then judge for yourself whether you think "Scherff" prices are right.

Be on hand Friday as we have several surprises in store for you besides the inspection. To those who are in need of Furniture, Rugs, Stoves, Draperies for Spring it will stand you in hand to attend this great sale or Saturday as the saving will be beyond your expectations.

This like all other "Scherff" Sales is genuine and you can rest assured that quality Furniture is sold at lesser price. So come early.

Try These Fruit Meats in a luscious pie

Just bake one pie according to the recipe below. Fill with plump, tender, juicy Sun-Maid Raisins. Bake so the juice forms a luscious sauce.

You'll be delighted, and so will your men folks. You'll serve it frequently because this pie is far too good to miss. Bake it yourself or get it from any first-class bakery.

Rich in nutriment

It's a man's prime dessert—full of energizing nourishment to brace him after a hard day. Its pure fruit sugar is practically pre-digested fuel. And raisins contain organic iron, in assimilable form, which brings the rose tint to women's and children's cheeks.

So raisins promote beauty as well as health.

Serve raisin pie, and other raisin foods to insure your supply of iron.

SUN-MAID RAISINS

Use Sun-Maid Raisins always in your cooking. Packed in a modern, new, immaculate plant in California—clean, sweet, wholesome American raisins—the kind you know are good. Made from tender, juicy California table grapes with unusually thin skins.

Three varieties: Sun-Maid Seeded (seeds removed); Sun-Maid Seedless (grown without seeds); Sun-Maid Clusters (on the stem). All dealers. Insist upon the Sun-Maid brand.

Send for free book, "Sun-Maid Recipes," describing scores of ways to use.

Recipe for Real Raisin Pie

Cut This Out and Keep It

2 cups Sun-Maid Raisins
1 1/2 cups boiling water
1 cup sugar
4 tablespoons cornstarch
Juice of 2 lemons
1 tablespoon grated lemon rind
Juice 1 orange
1 tablespoon grated orange rind
1 cup chopped walnuts

Cook raisins in boiling water for five minutes; pour into sugar and cornstarch which have been mixed. Cook until thick; remove from fire and add other ingredients. Bake between two crusts. Walnuts may be omitted if desired.

A MYTH IS HOLD-UP RELATED BY MULLINS

According to Police, Following an Investigation.

The report to the police, Tuesday night, by J. R. Mullins, residing on the Scott Harvey farm, north of the city, to the effect that he was held up and robbed of \$1,200 while driving to Marion from Scott Town, on the Kenton pike, has been established as a myth by the local police as a result of the conflicting stories related by Mullins and from information secured by further investigation.

The police secured information Wednesday afternoon and this morning that Mullins had some indebtedness to meet Wednesday and from that fact they concluded that he attempted to work the fake hold up with a view to getting with sympathy on the part of his creditors and in that way secure an extension of time.

DEL MARS PLEASE HERE LAST EVENING

They Appear as School Entertainment Course Number.

A large audience enjoyed the entertainment number on the Harding High school entertainment course Wednesday evening when the Del Mars quartet gave a delightful program. The Del Mars proved themselves to be both vocalists and instrumentalists of a high order, while their program was marked with variety, ranging from selections from grand opera to the catchy melodies of the popular airs. Each member of the quartet added an individual part to the program and thus a nice evening's entertainment was rounded out.

The number is the last musical entertainment on the course, the two remaining numbers being lectures. Dr. A. W. Evans the Welsh orator, will appear next on the course with his famous lecture, "What America Means To Me."

E. H. COWAN, REALTOR ANNOUNCEMENT

I am glad to announce that Mr. John F. Connery has associated himself with me and will give his attention more especially to the sale of residence property.

Mr. Connery was formerly connected with the Kelly Island Line & Transfer Co. He is well and favorably known to a large circle of friends and acquaintances, and I bespeak for him the same courtesies that have been so generously extended to me.

We are now better prepared to handle all classes of residence properties and we respectfully solicit your inquiries.

If parties having houses to sell will list them with us, they will be assured of careful individual attention.

Notice of Sale of Real Estate

By virtue of a certain power of attorney duly executed to the undersigned by the widow and all the heirs at law of W. S. Hartwell, late of Morrow County, Ohio, deceased, and as the agent of said widow and heirs at law, I will sell at public auction on the premises, and free of dower, the following real estate, being the real estate of the estate of said W. S. Hartwell, deceased, to-wit:

Situated in the Township of Franklin, County of Morrow and State of Ohio, and being the northeast quarter of section ten (10), township seventeen (17) and range twenty (20), excepting therefrom all that part which lies west of the public highway which runs north and south through said quarter-section, containing one hundred and fifty-five (155) acres of land, more or less. Also dwelling house No. 2, suitable for a tenant. Also good sugar camp.

Said lands will be sold to the highest bidder, and on Thursday, the 2nd of March, 1921, at 1 o'clock, p. m.

Said lands will be sold upon the following terms: One-third cash on day of sale; one-third in one year and one-third in two years; deferred payments to bear interest at the rate of 6% per annum, payable annually, and secured by first mortgage on the premises sold, or all cash at the option of the purchaser.

Said farm is located on the Mt. Gilead and Palaskville road, one and one-half (1 1/2) miles from Palaskville and five and one-half (5 1/2) miles from Mt. Gilead; and lies two miles and one-half (2 1/2) miles from the Mt. Gilead-Mt. Vernon inter-county highway. This farm is well underdrained and well watered; eight-room frame dwelling house and a good bank barn.

DANDELIONS REPORTED, SO IS SPRING PLOWING

Weatherman Plays a Spring
Vaudeville Engagement.

**RAIN LATE YESTERDAY;
SNOW FLURRIES TODAY**

Temperature Drops Thirty-Five
Degrees, but Miss Spring Still
Holds the Stage.

Variety is the spice of life.
That's what they've been saying
for a long, long time now, and it's
just as true today as it was in the
days of granddaddy.
Talk about your variety, though.
Say, didja ever see anything like
this February weather?
Yesterday it rained late in the af-
ternoon after Old Sol had smiled the
greater part of the day, and every-
one felt spring in the blood and love
in his heart.

Snow Flurries Today.
This morning it snowed—spit
snow—just like it does in March.
Then the sun peeked from behind
the clouds and presto! well, the
snow was gone, just like that old
disappearing in the shell game.
There was a fall of thirty-five de-
grees in temperature from noon yester-
day and this morning, when the
thermometer registered thirty.
Dandelions are poking their golden
noses through the sod and if
they don't look out some thistly
guy's going to get 'em.
A Magnetic Effect.
From Magnetic Springs the Star

Today received a communication tell-
ing about dandelions being plucked
from lawns and winding 'up with
"How's that for February?"
Well, the Star's star weather ob-
server-reporter observes it's un-
usual, but to be expected with March
and April and May and a little bit
of June mixed up in February as
has been the case in 1931. In some
sections farmers are doing their
spring plowing.
